FEEDER CART

Innovative solution

The AgriCad feeder cart (FC140) was developed for farmers who want to manufacture their own feeds and transfer their feeds effortlessly to silos. The cart can also be adjusted to place feed in troughs.

Advantages for the farmer

- Bio security
- Lowers contamination
- Less labour
- Speed up production capacity
- Easier handling of self manufactured feed

Feeder cart characteristics

- Capacity: 12 000 liter/7 ton
- Discharge height: 6,3 m
- Discharge speed: up to 1,5 ton per minute
